

NEW INTERLOCK - SKIVE

NEW INTERLOCK FITTINGS - SKIVE

The new fittings range is a skive solution for very high pressure wire spiral hose.

MAIN FEATURES

- // Skive
- // Range: from 5/8 inch to 2 inch sizes
- // Working pressures: up to 6,000 psi (415 bar)
- // Main applications: construction equipment, agricultural machines, mining

ADVANTAGES

- // Maximum reliability in heavy-duty applications
- // Extreme bend radius in combination with Alfabiotech hose range

NEW INTERLOCK, NEW PRODUCT CODE

It's easy to recognize the new product codes from the old ones: the **third alphabetical number** just **switch from 4 (old one) to 7 (new one)**.

Type	Item Code	Product Code
INTERLOCK	1200233	H1443310-161600
NEW INTERLOCK	1254456	H1743310-161600

OLD
H11443310-161600

NEW
